Analysis

1. All schools shown (except Cornerstone) are public schools. Scores for private schools are not easily accessed.
2. The seven public schools shown have consistently scored the highest among Tucson area public schools for the past three years.
3. The schools with one asterisk (*) show a three year composite score which is lower than their two year composite score last year.
4. The schools with two asterisks (**) show a three year composite score which is higher than their two year composite score last year.
5. The schools whose names are in italics are District 16 schools, representing Cornerstone's nearest geographical neighbors.

See reverse for comparisons using 2004 scores only.
